

## Habitat's Mission

Habitat for Humanity is a grassroots Christian nonprofit organization dedicated to the elimination of poverty and substandard housing worldwide.

Habitat for Humanity believes that every person deserves, at least, a simple and decent place in which to live and grow into all that God intends for them to be.

Habitat for Humanity builds or renovates houses in partnership with families who qualify for homeownership based on three criteria: need, a willingness to partner with HFH and an ability to repay a no-interest mortgage.

Habitat for Humanity works with people of all faiths and people of no faith.
